School Summer Program To Open Monday

Monday, June 19 will mark the opening of Crawford-AuSable schools' new summer program. Student enrollment has been far above what was expected, so much so that all classes save one are held to overflowing and an extra section Arts & Crafts has been added. Final registration forms were mailed last week to over 130 families in the area. Parents and students alike should remember that these registration forms along with the registration fee must be returned to the school on or before Friday, June 16.

Courses being taught in this first summer program are Music, Art and Tennis. Three classes will be offered in Arts and Crafts for grades 1, 5, and 6. These classes are designed to offer students a wide variety of individual creativity. All three classes are presently filled and all seem to be in demand for the classes to begin on Monday.

Over 40 young musicians have gathered for the summer classes instrumental music. This class will meet twice each week and will for these students the opportunity to become proficient on their individual instruments as well as gaining experience in group playing and listening.

The new tennis courts at the Elementary School will certainly get a workout this summer as four classes are slated to be taught in that area. Two classes of beginning tennis are being taught on the elementary level and two more on the Junior-Senior High School level. Most of these classes are filled and there is a possibility that later in the summer members of the community will have the opportunity to enjoy some very fine tennis matches as teams are formed in the classes.

Another phase of the summer program will begin on Wednesday, June 21. This is in the area of social recreational. Beginning June 21 and on each successive Wednesday throughout the summer, a Square Dance will be held in the Elementary School for students of grades 4, 5, and 6. No registration is necessary for this as a token admission of 25 cents per person will be taken at the door to help with the cost of the program. Square Dances will begin promptly at 8:00 p. m. under the supervision of Mr. and Mrs. Don Sorenson and Mr. and Mrs. Leslie Goss. Each evening a new Square Dance will be featured as well as old ones. We are in hopes that all have a most enjoyable time.

Last but not least is a program for teenagers to be held on Friday and Saturday, June 23. This program will be held at the elementary school. Dancing will be in at 8:00 p. m. featuring all the latest in records. Once again, a token admission of 25 cents per person will be charged to help defray the cost of music and chaperones.

This is a new program for the Crawford area and this summer's program is actually on an experimental basis. If the program is successful and the interest is high, a larger program will be offered next summer. If this summer's program is not successful, plans already being formulated for next summer will be abolished. We hope that all members of the community take an active interest in our program.

As the baseball season progresses the teams get stronger, the players are more confident and play becomes more intense. The managers and coaches grow more tense. This is true in the second week of Little League baseball.

Jayece River Trash Barrels Prove Helpful

Grayling Jaycees are finding their AuSable River trash barrels are paying dividends in keeping the river free of debris. The Jaycees have placed twenty-four trash barrels at strategic areas along the banks and also in the river on pilings. The barrels are well marked and are easy for canoeists and fishermen to deposit trash in them. The Grayling Jaycee group empty the trash containers at least once a week during the height of the fishing and canoeing season, and plan to make this a continuing program to help in keeping the famous AuSable clean.

A reminder is given that the free film program for children 5 to 12 years of age starts at the Crawford County Library at 9:30 a. m. this Thursday, June 15. For further information please contact the library.

National Guard Reorganization Plan Presented

A reorganization plan for the National Guard was presented at the Adjutants General Conference in Indianapolis, Indiana, on June 2, 1967, to Major General Clarence C. Schnipke, The Adjutant General of Michigan.

The plan calls for a strength of 400,000 men in the Army National Guard. Michigan has been allocated a strength of 9,697 men in 76 units as compared with a previous strength of 9,999 men in 100 units. Units assigned are of the combat and combat support type. Communities presently supporting National Guard units will continue to have some type of unit.

Under this proposed plan the 46th Infantry Division will be eliminated. The force proposed for Michigan will consist of the following units: State Headquarters and Headquarters Detachment; Band; one Brigade consisting of a Headquarters and Headquarters Company, one Field Artillery Battalion, an Air Mobile Company, an Armored Cavalry Troop, an Engineer Company, a Medical Company, a Forward Support Company, two Infantry Battalions, and one Tank Battalion; one Long Range Patrol Company; one Field Artillery Group consisting of a Headquarters and Headquarters Battalion, one 8" Field Artillery Battalion, and two 155mm Field Artillery Battalions; one Air Defense Battalion; one Signal Battalion; one Combat Support Maintenance Company; one Military Police Battalion; one Transportation Battalion; one Engineer Group consisting of a Headquarters and Headquarters Company, two Engineer Combat Battalions, a Light Equipment Engineer Company, two Engineer Dump Truck Companies, and a Combat Engineer Company.

Reorganization of the Michigan Army National Guard is scheduled for February 1968. There will be no change prior to Annual Field Training. Personnel who become excess will be permitted to remain in the National Guard for a period of 3 years following the reorganization.

The new force structure is designed to better meet the active Army's needs in time of emergency. It should also result in better trained and better equipped units throughout the entire Army National Guard. Unit strength will be increased to 90 percent of their war time strength and authorized the latest in equipment from resources available.

Major General Schnipke stated that, "It is believed that the force as allocated is adequate to meet the needs of the State of Michigan in time of natural disasters, man made disasters, and civil disturbances."

He further stated, "This increased standard of readiness placed upon the officers and men of the Michigan Army National Guard will require complete understanding on the parts of wives, families, and employers."

Jayece Notes

By Lary Gust

The regular meeting of the Grayling Area Jaycees turned into a sewing bee last Monday night. The Jaycees prepared over one hundred letter bags for distribution to area canoe liveries who wish to use them. Our second annual Orphans Day was discussed and it was decided to try to make this years project better by having other Jaycees in the state join us on this event.

It was decided to hold our next meeting at the Chief Shoppenagons Motor Hotel on next Monday, June 19, and to invite all Indiana and Michigan guardsmen who are Jaycees to our meeting.

Last Sunday 12 Grayling Jaycees traveled to Cheboygan to play a couple of ball games with the Cheboygan Jaycees. Our local squad, led by Bob LaMotte, lost a very close game in the opener. After the last out was made and the scores audited the score was a very close 11 to 1. The hosts very kindly agreed to try to beat our squad in a second game even though darkness was nearing. At the end of this game the Grayling squad was agreed that they had been soundly beaten, the score was 7 to 6 in favor of Cheboygan again. It took quite a bit of pleading but both squads had agreed to have a rematch in Grayling at a later date.

Arrowhead Inn Re-Opened

The newly remodeled Arrowhead Inn opened its doors to the public last week.

New owners of the restaurant, located on I-75 Business Loop South of Grayling, are Mr. and Mrs. John Desso.

Mr. and Mrs. Desso have lived in Grayling since 1959. Originally from Detroit they came here from Gaylord where they had owned the Golfview Motel.

Since being in Grayling they have built and operated the Ausable Motel and the Aquarama Motel, both of which they have sold.

They purchased the Arrowhead Inn through the Cornell Agency and have remodeled it. The building was hit by fire in October of 1966.

The Arrowhead was built in the summer of 1963 by Mr. and Mrs. Walter Johnson of Grayling and the late Mr. James Hunter, and operated by them until the occasion of the fire.

Crawford County Recreational Activities

Rains and warm weather have brought out the finest mushrooms of the year. Morels of unusual size are being picked in the old burn sections of Crawford County and also in the hilly hardwood portions of the county. With warm temperatures and high humidity, picking should be good through the week.

Trout fishing remains excellent on Main Stream AuSable, South Branch, North Branch, and Upper Manistee on all portions of the rivers if heavy rains cease and water levels fall. Bait fishermen and spinners have been taking nice fish, and fly fishermen have been taking advantage of the finest hatches of the season. Brown Drakes, Robert's Yellow Drake, Skunks, and Wakeley Yellow Bug have been favorite food for trout during the day. Drakes and Stone flies are major hatches in the evenings. Warm night temperatures have brought out large bugs for night fishermen.

Pan fishermen are finding good bluegill and perch fishing on Lake Margrethe, KP Lake, and Har-grove Lake. Good catches of pike are also reported on Lake Margrethe.

Canoeing and canoeing-camping on all canoe trails of the county is good. AuSable Main Stream, South Branch, and Upper Manistee are normal and with warm temperatures this is an ideal recreation activity for everyone. Insects are at a maximum, so bring repellents.

To Honor Indiana Enlisted Man Friday

Continuing a tradition which had its beginning many years ago, the Grayling Regional Chamber of Commerce will host the "Outstanding Indiana National Guard Enlisted Man" at a luncheon Friday noon, June 16, at the Chief Shoppenagons Motor Hotel.

The Indiana National Guard outstanding enlisted man this year is Pvt. Robert E. Oatis II, 1st, 238th Cavalry, 38th Inf. Div., from Marion, Indiana.

The public is cordially invited to attend this luncheon and reservations may be made by calling the Chamber office before Friday morning, June 16.

Meeting Held on Anti-Pollution Study

A meeting was held Friday evening, June 9th at the Grayling City Council Chambers by the Anti-Pollution Committee of the Michigan Council of Trout Unlimited.

From this meeting the following recommendations and objectives were set forth:

We accept the Michigan Water Resources Commission Trout Water Standards as the minimum standards acceptable for the AuSable River System.

We support the stand of the Fish Division of the Michigan Department of Conservation, as set forth on pages 6-40 of a report published by the State of Michigan Water Resources Commission in 1966, entitled "Water Resource Conditions and Uses in the AuSable River Basin."

Basically these recommendations involve three steps:

1 An improved disposal system for Grayling which will bring about the water quality standards specified.

2 The removal of the dam near Old US-27 bridge in Grayling.

3 Positive and immediate steps on the part of all governmental units involved to establish a Watershed Council, in order that long range planning may be undertaken.

Trout Unlimited will request all members who own AuSable River property to cooperate with the proposed "dye studies", or any other studies which help determine the extent to which individual septic systems contribute to the pollution problem. Trout Unlimited will also ask the AuSable River Property Owners Association to urge its members to do likewise.

While Trout Unlimited cannot be a fund raising organization for each trout stream, individual Trout Unlimited members will be advised of the advantages gained by personal contributions, if:

1 An engineering study acceptable to the Fish Division, Water Resources Commission and Trout Unlimited is performed.

2 An AuSable River Watershed Council is formed.

3 A definite need is shown after all sources of local, federal and state aid have been exhausted.

Trout Unlimited will assist in setting up an AuSable River Watershed Council through the help of

Review Set For Saturday, 9 a. m.

The Indiana 38th Infantry Division, National Guard, will pass in review Saturday morning, June 17th beginning at 9 a. m. on the parade field at Camp Grayling. The Division review will have approximately 9,000 Guardsmen participating. The public is cordially invited to attend.

Approximately 50 dignitaries from surrounding Grayling, Gaylord, Houghton Lake and Pruden-ville attended Civic Day at Camp Grayling Tuesday as guests of Indiana's 38th Infantry Division.

Lt. Col. James J. Carter, Civil Affairs Officer, said "the purpose of Civic Day was to bring together civilians and the military and to clarify the mission of the Indiana

National Guard on its two-week active duty tour here."

The group spent two hours observing the troops in actual field training and were briefed on the training techniques used by the Guard. The dignitaries also visited the unit camp areas.

Col. Eric Schwenker, the Division Chief of Staff, spoke to the group briefly prior to a reception at the Officer's Club.

The 38th Infantry Division Wednesday, June 14th, observed the 192nd anniversary of the founding of the United States Army.

The Army came into being in 1775 at the time of the initial battles of the American Revolution. At that time most army personnel were members of Colonial militia organizations — the forerunners of today's National Guard.

Among events scheduled on Camp Grayling parade ground for the 38th's observance were a concert by the Division band and a public display of equipment used by the 38th.

Area civilians were invited to attend the observance, starting at 9 a. m. and continuing through the afternoon. The band concert was scheduled for 1 to 2 p. m.

Among equipment on display was an Honest John rocket, UH19 and OH13 helicopters, 105 mm. howitzers 4.2 mortars and most types of transport vehicles.

At a car-deer collision occurred on the North Downriver Road about 9 p. m. last Saturday night east of Grayling a few miles. The car was driven by Kim Loveley, 17, of Grayling. There was no personal injury but extensive damage to the car.

A walk away from Camp Lehigh, Bruce M. Smith, was captured Tuesday morning in Gaylord by the Gaylord City Police. He was reported missing on Sunday night at 10:15 p. m. to the Crawford County Sheriff's office. Since that time, he has been sought by law officers all around the area.

Deputy Sheriff Robert Ruddy of the Sheriff's Marine Patrol reports that he has had very fine and friendly relations in checking boats of Indiana National Guardsmen on Lake Margrethe. All boats that he has inspected thus far have passed all safety standards.

The final meeting of the County Tax Allocation Board was held Monday night, June 5th, at the County Clerk's office in the courthouse. The breakdown of the 15 mills allotted is as follows: 7.67 mills for the county, 1 mill for the townships, 6 mills for the Crawford AuSable School District and .33 for the COOR Intermediate School District.

Serving on the board were William Miller, A. J. Sorenson, Arthur Clough Sr., Gerald Burns, Joseph Stripe, Carl Bernell Goss and Leo Loveley as clerk. Mr. Miller and Mr. Stripe were not present for the final meeting.

How Will You Vote?

Summer arrives this year on June 21. For most of us, it is the most pleasant season of the year. It is the season when the works of nature reach full bloom. It is the season of picnics, of hunting, fishing trips and camping. It is the season when the family car will carry actioners far and wide across the land to see the sights and wonders that abound in this country.

Weekenders flock to the beaches and to lakes. Some are looking for quiet relaxation. Others will participate in exciting sports such as water skiing. A few will devote time to contemplating the wonders of the world in which we live. The latter will gain greater enrichment from summer than the rest of us. In their behalf, it is but fitting to issue a plea and a warning to all and undry as the long worms of traffic stream out of the cities this summer for the mountains and the seashores. Every auto will be loaded with potential garbage, as well as people. Multiply each auto by tens of millions, each carrying its quota of paper plates, beer cans, melon rinds, all the refuse of living — and we come up with a pollution problem of awesome proportions.

Whether there is beauty left for future generations to enjoy depends on the behavior of the people. They have the power to leave a heritage of beauty or blight. The choice is made and a vote is cast whenever trash is tossed out of the family car along the roadside or left at the spots which nature provided for camping or picnicking. How will you vote?

Up To The People . . .

"I will guarantee you that when the headlines are printed following the submission of the President's budget . . . the figures referred to will be most confusing to those who try to understand what the real picture is." Those words were spoken months ago by the chairman of the Appropriations Committee, Representative George H. Mahon of the U. S. House of Representatives. Many will now consider his remark the understatement of the year.

The deficit estimates vary by many billions. The only thing that is clear is that there will be a huge deficit. This means that in coming months the spectre of inflation will threaten the most carefully planned family budgets all across the land.

What is the answer to inflation? Representative Mahon expresses it in a few words. "The ultimate answer is only partly in Congress; it is only partly in the White House." More importantly, control of public spending rests with the people who create public sentiment and elect officials of government. Congress is not going to practice restraint unless the message comes through loud and clear from the people generally. These are strong words and well deserved in the area of non-defense spending.

June 15, 1944

Last night saw a fine start for the organization of a local Council of Veterans Affairs. A meeting was held at the Court House with Elmer J. Hanna, administrative assistant to Governor Kelly, present to explain the workings of the Council. Clarence Johnson of the local USO, presided as chairman. With formation of plans for the care and attention needed by returning veterans, Michigan will be in the front rank with a proposed veterans' service. Already about 30 county councils have been formed. Clarence Johnson was elected temporary chairman and Jerome Kessler temporary secretary, to act until permanent officers could be chosen. For members of the County Council the following were elected: George Burke, representing the City, Jack McMillan, American Legion, Sidney Dyer, Board of Supervisors, Roy Milnes, School Board, Mrs. C. G. Clippert, Red Cross, Dr. Clippert, Medical Profession, Charles E. Moore, Draft Board, Elmer Corst, Road Commission, Mrs. Roy Milnes, Woman's Club, John Selleski, Returned Service Men.

Capt. Ben G. Wright writes from England to Ernie Borchers: "Here's one for the books!" Enclosed with his letter was one from Ensign Wm. P. Kraus, of Grosse Ile, dated May 15, addressed to Alpena. It followed Capt. Wright to England, and now to Ernie Borchers in Grayling. The letter contained an inquiry about canoe trips. Of course Ernie answered it immediately, hoping it reaches Ensign Kraus while he is still in the mood for that river canoe trip. No doubt he has been wondering why Ben hadn't answered his letter.

JAMES-BEERY WED IN PONTIAC

Miss Susan Carol James exchanged marriage vows with Mr. Ted E. Beery at seven-thirty on the evening of June 3, 1967 at All Saints Episcopal Church in Pontiac, Michigan. The Reverend Craig Bell performed the ceremony in a setting of white gladioli before one hundred thirty-five guests. Susan is the daughter of Mr. and Mrs. Douglas H. James of 637 Ashburnham Road, Auburn Heights, and Ted is the son of Mr. and Mrs. Eli W. Beery of 17M Warner Drive, Grayling.

The bride presented a picture of regal grace in her formal length gown of rose Chantilly lace. A floral-patterned lace cape fashioned with crescent-curved decolletage and brief sleeves floated gracefully over a skimmer sheath of mousseline de soie and taffeta. A mantilla of silk illusion bordered in Chantilly flowers framed her hair and drifted to chapel length. Her flowers were a cascade of phalaenopsis orchids with white carnations and stephanotis.

Miss Shirley Alice James served her sister as maid-of-honor. Bridesmaids were Miss Janice Beery of Grayling, sister of the bridegroom, and Mrs. Robert D. James of Pontiac, sister-in-law of the bride. All three were dressed in pale yellow formal with yellow chapel-length veils. They carried bouquets of daisies, yellow for the maid of honor and white for the bridesmaids.

Larry Beery was his brother's best man. Ushers were Robert D. James, brother of the bride, and Tom Coffey, both of Pontiac. Mrs. James wore a pale green crepe for her daughter's wedding. Mrs. Beery chose a beige cotton lace coat and dress ensemble.

A cold buffet was served to the guests at Guinn's Banquet Hall following the wedding, with dancing afterwards to music provided by a trio. The newlyweds enjoyed a week's honeymoon at Cape Cod, Massachusetts, going by way of Niagara Falls. They are at home at 4342 Windate, Waterford, Michigan.

Mrs. Beery is a graduate of Romeo High School and also attended Lake Orion High. Ted has attended Northwestern Michigan College and Oakland College.

Among those attending the wedding were grandparents of the groom, Mr. and Mrs. L. A. Beery of Akron, Ohio, and Mr. and Mrs. Walter Fallon of East Lansing, Michigan.

June 16 Deadline For Phone Directory Changes

The new General Telephone directory for Grayling, Houghton Lake, Higgins Lake, Roscommon, Vanierbilt and Gaylord will "go to press" June 16. General Telephone District Manager A. R. Murphy said today. Customers who wish to make corrections or additions to the directory are urged to call their General Telephone business office before June 16.

Murphy pointed out that because of the emphasis on a firm cutoff date for entries, the General Telephone Directory Company, in Des Plaines, Illinois, can assemble, print, bind and return the new Grayling directory in a relatively short period of time.

"Our directory company, which prints millions of telephone books each year, operates on a deadline basis much like a newspaper," Murphy said. "For this reason we cannot accept any changes after changes June 16, the date the directory is 'locked-up' and sent immediately to the directory company for printing."

The distribution date for the new directory will be announced later, Murphy said.

Attend The Church Of Your Choice

ON AN EVEN KEEL

Young Stan learned to row this summer. It was hard work but he didn't complain about the blisters. He was a captain in control of his ship, and very proud of his new position!

Being in control is often hard work, even for adults. Many people wish they could control their tempers, or perhaps curtail bad habits, but they fail to find within themselves the strength of will that would help them.

When problems are too big for us, that's the time to ask God for assistance. We are His children and He knows all our weaknesses. Through church attendance and prayer, we can be guided to a more serene approach to daily life. We will find His presence a constant support as we begin to take pride in our new possession... self control.

THE CHURCH FOR ALL
... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

CAP Meeting Report

A Crawford County Community Action Committee meeting was called to order Wednesday, May 17th at 8 p.m. by OneCap Director Bob Johnson at the Grayling High School, with 12 members present. The minutes of the April meeting were read and approved. Margaret Griffith reported on the Youth Committee. Al Stewart reported on the Special Education Committee. A discussion followed relative to the committee reports. Margaret Griffith moved that an application be made out for two VISTA volunteers, one to work with youth and one to explore the CAP programs and perhaps work on Special Education. Seconded by Elaine Harland, carried.

There was a discussion on what resources are available from the sponsor in support of the volunteers who might be assigned. Margaret Griffith offered the use of her cabin for housing. Al Stewart will contact the Jaycees to see if they could pay mileage. Elaine Harland suggested a film on the use of VISTA workers should be shown and have a guest VISTA speaker. Adult education and Project Headstart were discussed. The Reverend Aumiller moved to adjourn, seconded, carried, and meeting adjourned at 9:30.—Wilma Case, Acting Sec'y.

The developing and detailed functioning of the Polar-Apollo Educational Service Center will be shared by these four men. Pictured from left, Robert Marsh, Planning Consultant, MSU; Donald Goodson, Title III Director, State Department of Education; Calvin Bones, Project Director, NCM Polar-Apollo Study; Gerald Hanson, President, Advisory Committee, COOR Intermediate School District.

In a special meeting at the Roscommon County building May 31, the Polar-Apollo North Central Michigan study advanced another step toward application for \$1,423,846 in ESSEA Title III funds. Approximately 40 intermediate school district board members and their superintendents met to set up an administrative unit for the proposed Supplementary Services Center to serve schools in 10 counties in north central Michigan.

Advising the group was Don Goodson, Title III coordinator for the State Department of Education. Mr. Goodson pointed out that this is the first venture of its type in Michigan. The unique quality of the organization is its combination of six intermediate districts into a single unit for special administrative functions.

The intermediate districts involved are Gladwin, Clare, Wexford-Missaukee, Iosco, Alcona-Al-

pena-Montmorency, and COOR, comprised of Crawford, Ogemaw, Oscoda and Roscommon counties.

Preliminary to acting upon the joint agreement setting up the administrative unit, the group heard University report on the progress of the Polar-Apollo study. Mr. Marsh, planning consultant for the study, referred to Title III projects as "outreaches of education". He reminded the group that "education lags behind the evolutionary processes of society." Schools, he added, haven't moved into the second half of the twentieth century. Title III will provide the "outreach" needed to move ahead.

He then described the three services to be provided by the unit: research and evaluation, data processing and instructional media.

When asked how the unit would affect education in the 10-county area, he used research and eval-

uation as an example. He said: "The center will help schools examine programs, make comparisons, and institute change processes in the light of their findings." He referred to this as "predicting expectancy upon knowledge rather than on a guess."

He described the center as a "change agent" to help schools "upgrade through the process of innovation."

Chairing the meeting was Gerald Hanson of the COOR Intermediate Office. Others on the program included Basil Godbold, COOR Superintendent; Calvin Bones, Polar-Apollo Director; and Mr. and Mrs. Thrun of the Lansing legal firm Thrun Educational Associates.

Following the meeting, Mr. Bones announced that the application, to be filed July 1, will seek \$1,423,846 in federal funds to finance the project over a three-year period.

HELP FROM OHIO

Dear Mr. Strong:
 Enclosed is \$3.00 for the flower fund.

I have lived and worked in Grayling the biggest part of my life and it will always be my home. Maybe it will help the city be more "homey" to many more as they pass through.

Hope this is not too late to help out. If so please give it to some other project going on.

Thank you.

How long has it been since you had a close one?

Quite often when you see an accident or pass the scene of one, you'll tell your friends about it later. Usually you'll add how you had a "close one" last week. You might end thinking, "It could have been me."
